## Location and Design Report

**DATE:** 12/15/2021

**FILE:** P.I.# 0013610  
Wayne County / GDOT District 5 - Jesup  
SR 38 / US 84 @ Little McMillan Creek in Jesup

**FROM:** *for* Kimberly Nesbitt, State Program Delivery Administrator

**TO:** R. Christopher Rudd, P.E., State Design Policy Engineer  
Attn: Dave Peters, P.E., State Conceptual Design Group Manager

**SUBJECT:** Request for Location and Design Approval

**Description and Project Proposal:** This project is located on State Route 38 (US 84) over Little McMillan Creek in Jesup, Georgia, Wayne County. Proposed bridges over Little McMillan Creek will be 255-foot long by 47-foot 3-inches wide on the westbound side and 265-foot long by 47-foot 3-inches wide on the eastbound side. The typical section consists of two 12-foot travel lanes in each direction with 4-foot inside shoulders and 8-foot outside bike lanes with 2-foot gutter and 6-foot 6-inches sidewalk. The proposed baselines will remain the same and the proposed profile will remain close to the existing profiles. The project begins approximately 565 feet west of the eastbound bridge and ends approximately 682 feet east of the eastbound bridge. The total length of the project is approximately 1510 feet (0.3 miles). The proposed design speed is 45 mph. One bridge will be constructed at a time, while the other bridge will be utilized for one lane of traffic in each direction during construction. The estimated construction duration is 24 months.

**Concept Approval Date:** May 18, 2018

**Concept Update:** Sidewalk on bridge typical.

**Environmental Document Type:** NEPA - PCE

**Approval Date:** ~~Pending~~ **May 4, 2022**  
*~OBrewer*

**Public Involvement:**

A public information open house meeting was not held since the bridge replacement does not require an off-site detour.

**Consistency with Approved Planning:** The design description as presented herein and submitted for approval is consistent with the approved Concept Report.

**Recommendations:** Recommend that the location and design for the project be approved and that the attached Notice be approved for advertising.

**Concur:** Hiral Patel

# NOTICE OF LOCATION AND DESIGN APPROVAL

## P. I. 0013610

### WAYNE COUNTY

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.

The date of location and design approval is: **May 6, 2022**

The project proposes to replace the twin bridges on SR 38/US 84 over Little McMillan Creek. The bridges are located approximately 450-ft west of the southbound access for US 301 and in the city limits of Jesup, Georgia in the Georgia General Militia District (GMD) 1255.

The westbound bridge will be 255-foot long by 47-foot 3-inches wide and the eastbound bridge will be 265-foot long by 47-foot 3-inches wide. Their typical section consists of two 12-foot travel lanes in each direction with 4-foot inside shoulders and 8-foot outside bike lanes with 2-foot gutter and 6-foot 6-inches sidewalk. The total length of the project is approximately 0.3 miles. The proposed design speed is 45 mph. One bridge will be constructed at a time, while the other bridge will be utilized for one lane of traffic in each direction during construction. The estimated construction duration is 24 months.

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation:

Tim Williams, Area Manager  
District 5, Area 3  
[tiwilliams@dot.ga.gov](mailto:tiwilliams@dot.ga.gov)  
128 Carl Alexander Way  
Brunswick, GA 31525  
(912) 264-7247

Any interested party may obtain a copy of the drawings or maps or plats or portions thereof by paying a nominal fee and requesting in writing to:

Kimberly Nesbitt, State Program Delivery Administrator  
GDOT Office of Program Delivery  
Attn: GDOT Project Manager Kassandra Boswell
